**NORCAL Ambulance Ranked Among the Fastest Growing Private Companies
In the Bay Area By the San Francisco Business Times**

Livermore, CA, Oct. 20 – NORCAL Ambulance announced today that it has been ranked no. 66 by the San Francisco Business Times on the 26th annual Fastest Growing Private Companies in the Bay Area list, an exclusive ranking of the region’s fastest growing private companies; one of the most important segments of the local economy. The winners and rankings were unveiled at an awards gala on October 17, 2017 at the Four Seasons San Francisco. To view the complete list visit the [San Francisco Business Times](#). This is NORCAL Ambulance’s first year on the list.

The companies on this year’s list ranked between 30.8 percent and 1,484.8 percent growth. Companies are ranked by percentage of revenue growth increase between 2014 and 2016. They were required to have at least \$200,000 in revenue in 2014 and be privately held and headquartered in the counties covered by the Business Times — San Francisco, Alameda, San Mateo, Contra Costa & Marin, plus Palo Alto.

NORCAL is a locally owned, private company with a seasoned management team that operates throughout 17 counties in Northern California. NORCAL provides a complete answer to the medical transportation needs of its clients with basic life support, advanced life support and critical care transport services. It’s belief in unwavering customer service and top-notch patient care, combined with a commitment to quality, has fueled steady growth.

"Our region is renowned as a hub for innovation and as an ecosystem that fosters growth companies, said Mary Huss, Publisher of the San Francisco Business Times. NORCAL Ambulance, along with all of the companies on the list deserve special recognition because they fuel our regional economy."

Makenzie Kelly, President and co-founder of NORCAL Ambulance, says, "We believe we are successful because we view ourselves as a customer service company that provides medical care and transportation. We believe the key to delivering great service is achieved by investing in our team members and creating a culture of inclusiveness, partnership and community. This model is, without a doubt, responsible for the success and growth of our organization, and forms the foundation of the many strengths and benefits we have to offer our customers, team members, and communities alike."

About NORCAL Ambulance

Founded in 2005, [NORCAL Ambulance](#) is the premier leader for medical transportation in Northern California. NORCAL partners with hospitals and healthcare systems throughout the region, providing a complete solution for medical transportation needs—both critical and routine.
